VB.Net code to do data base connection with MS Access 2010

```
Private Sub btnSave_Click(sender AsSystem.Object, e AsSystem.EventArgs) HandlesbtnSave.Click
    MsgBox("Sure! Save permanently in database", MsgBoxStyle.Information, "SAVE")
    Dim cnn As OleDbConnection= New OleDbConnection
    Dim cmd As OleDbCommand= New OleDbCommand
    DimconnString As String
    connString = "Provider=Microsoft.ACE.OLEDB.12.0;Data Source = E:aDBAtndcDB.accdb"
    cnn.ConnectionString = connString
    cmd.Connection = cnn
    cnn.Open()
    cmd.CommandText = "INSERT INTO Attendence ([dat], [totalPresent)"+ " VALUES ('" & dt.Text & "','" &
lblTotalPresent.Text & "')"
    cmd.ExecuteNonQuery()
    cnn.Close()
 End Sub
```
