1. Managerial skills are abilities that help people in leadership roles effectively handle their responsibilities.
2. These skills can be grouped into three categories: technical skills, human skills, and conceptual skills.
3. Technical skills involve specific knowledge and expertise in a particular field or industry.
4. Human skills, also known as soft skills, involve how well a manager interacts with and works with others. It includes communication, leadership, and teamwork.
5. Conceptual skills involve the ability to think strategically, make decisions, and understand how different parts of the organization fit together.
6. Good managers have a balance of these skills, depending on their role and the needs of their team or organization.
7. Technical skills are important for understanding and performing the tasks associated with the job.
8. Human skills are crucial for building positive relationships, motivating employees, and creating a good work environment.
9. Conceptual skills help managers see the bigger picture, set goals, and make informed decisions.
10. Developing and improving these skills can help managers be more successful in leading teams and achieving organizational goals.
